## ABOUT ME

Innovative Software Developer with 4+ years of hands-on experience developing and testing applications. Well-versed in Agile methodologies and coding languages. Dedicated to developing creative solutions to meet business goals and requirements.

## WORK EXPERIENCE

### Senior Software Engineer

Neilsen IQ (September 2023 - Present)

- Developing a platform from scratch to route our main application to qualified users.
- Using main technologies like **Java, Springboot, Angular, and MSSQL**.
- Working in a team of 6 highly skilled teammates from all over the globe.

### Software Development Engineer

Majorel India (July 2021 - September 2023)

- Created a user-friendly, dynamic, and robust application interface using **Angular 8 & Angular 13** and **Node.js**. Integrated numerous widely used libraries for authentication, data visualization, and many more.
- Developed reliable, high-performance, and secured backend **microservice applications** for data processing and request handling using **Java 8, and Springboot 2**.
- Created a logging module for the application using **AOP** single-handedly using **multithreading**.
- **I worked with JAVA Collections, JAVA Concurrency, AOP, JWT Authentication, AWS-SDK, REST APIs, CUSTOM EXCEPTION HANDLING, Rest Template, Caching System, SPRING SECURITY, JUnit 4/5, JDBC, and many more Java / Springboot features and external libraries.**
- Integrated libraries like **AWS APIs (S3 and CDN)** into the backend application. I also worked on **authenticating** the requests using the **JWT** library.
- Used **MySQL 5** database for storing application and customer data.

### Programmer Analyst

Cognizant Technology Solutions (July 2020 - July 2021)

- Worked as a **Java - Angular Full Stack Developer**.
- Developed robust application tool for monitoring tasks of employees.

### Programmer Analyst Trainee

Cognizant Technology Solutions (July 2019 - July 2020 )

- Worked as a **Full Stack Developer**.
- Got trained with **Java 8 - Springboot 2 - Angular 8** Full stack technologies.

## EDUCATION

**Bachelor of Technology** | Computer Science Engineering (May 2019)  
Lovely Professional University, Jalandhar, Punjab
